

Product designation

Mobilite small lamp

Article no. 32.010.00

Product description

Lamp with built-in reflector and modelling lamp 12 V / 50 W to the battery-operated power pack Mobil. Plug-in flash tube with spring fastener. Small dimensions and little weight for mobile work. Large light angle. Own accessories with small dimensions. Using the Pulso adapter, lightweight reflectors and accessories from the Pulso assortment may be applied. Switch and fuse for modelling lamp. Built-in tilt head with adjustable lever and umbrella holder. Fan for long series of flashes. Thermal protection. UV-coated protecting glass. Handle. Compatible with Mobil Studio Booster and the entire broncolor power pack range (without modelling light and cooling fan). Max. 1600 J.

Scope of delivery

Lamp without flash tube, modelling lamp, protecting glass

Technical data

Flash energy	max. 1600 J
f-stop at 2 m (6 ½ ft.) distance, 100 ISO	1200 J : 22 4/10 with lamp angle 130° 1600 J : 22 9/10 with lamp angle 130°
Modelling light (fuse value)	12 V / 50 W Halogen (5 AF)
Length of cable	3.5 m (11.4 ft.)
Cooling	fan 12 V, only switches on when necessary
Dimensions	overall 205x135 mm, diameter 80 mm
Weight with cable	1.25 kg
Stand adapter	for bolts broncolor and Manfrotto 16 mm

Accessories

Attachment with 3 honeycomb grids and 2 aperture plates to Mobilite and Picolite	art. no. 33.204.00
Barn door with 4 wings to Mobilite and Picolite	art. no. 33.244.00
Pulso adapter to Mobilite and Picolite	art. no. 33.501.00
Fresnel spot attachment to Picolite and Mobilite	art. no. 33.631.00
Projection attachment for Picolite	art. No. 33.641.00
Lamp extension cable 3.5 m	art.-no. 34.150.00

Data sheet

Halogen modelling lamp 12 V / 50 W to Mobilite	art. no. 34.200.00
Flash tube 1600 J without UV- coating to Mobilite and Picolite	art. no. 34.308.00
Protecting glass 5500 K to Mobilite and Picolite	art. no. 34.332.55
Protecting glass 5500 K, mat, to Mobilite	art. no. 34.335.55
Twin articulated arm to Mobilite and Picolite	art. no. 35.102.00

Pulso accessories (with help of adapter)	P70, P65, P50, P45, P-Travel, conical snoot, P-Travel, softlight reflector, Mini-Hazylight, Cumulite 2, Megaflex, Flooter S, Pulsoflex up to 80x80 cm, Balloon, Satellite Evolution (with adapter), all umbrellas
without adapter	Fresnel spot attachment, honeycomb

Special features

- For safety reasons, never operate the lamps without the protecting glass in place.
- The accessories are identical with those of the small lamp Picolite.
- For thermal reasons the UV-coating is applied to the protecting glass.
- If only one lamp is connected to the power pack, a modelling lamp 12 V / 100 W with fus 10 AF may be used instead of a modelling lamp 12 V / 50 W.
- For thermal reasons not more than 10 flashes at 1600 J should be triggered per minute.
