

Product designation

Reflector P-Travel

Article no. 33.103.00

Product description

Because of its reduced dimensions the P-Travel reflector is, compared to the standard reflector P70, easy to stow away resp. for use on-location. Despite of its small "size" the "light quality" has been retained. For accessories there is also a barn door with two wings available.

Scope of delivery

Reflector P-Travel

Technical data

F-stop at 2m, 100 ISO, 3200 J	90
Light angle	approx. 55 °
