

FOBA SUPERBALL® M-Line: The small ball head that delivers high performance...

The M-Line is the «Light weight» of the SUPERBALL family. Lasting precision and functionality mark the key features of these two new ball heads (the BENTO and the BENTA). The heads guarantee optimum stability, ergonomic operation and maximum clamping force and are designed to withstand many years of use under harsh everyday conditions. The FOBA SUPERBALL® M-Line is ideal for 35mm SLR and medium-format cameras and ensures both precise camera movement and reliable locking.

FOBA tripod heads – quality made in Switzerland.

Among a wide range of professional studio equipment for photographers, the Swiss company FOBA supplies six different tripod heads offering optimal stability, ergonomics and safety. FOBA TILTING HEADS are built for the heaviest cameras up to 8x10" format, allowing precise positioning and secure locking. The FOBA SUPERBALL head is the most popular of the FOBA range. With its elegant design and sturdy construction, this head is ideal for all cameras. The smaller FOBA MINI SUPERBALL is the perfect tripod mounting for small and medium format cameras.

Both the FOBA SUPERBALL and MINI SUPERBALL are available either with camera plate or quick-release unit.
